3rd Third Call for Papers

JCSSE is an international conference held annually in Thailand, it provides a central forum for experts and developers to promote, share, and discuss various issues and developments in the broad field of computer science and software engineering. JCSSE will provide an opportunity for young researchers to demonstrate their talents and interesting research ideas. The conference will benefit people who are actively involved in research related to data science, computer science, computer engineering, software engineering and digital libraries in Thailand.

The list of topics of interest includes (but not limited to)

- Database and Information Retrieval
- Software Engineering and Software Development
- Image Processing and Computer Vision
- Health and Bio Informatics
- Human Computer Interaction and Affective Computing
- Data Science
- Cloud and Grid Computing
- Quantum Computing and Algorithms
- Ontology and Semantic Web
- Internet of Things and Embedded Systems
- Information Forensics and Security
- Pervasive and Mobile Computing
- IT Project and IT Service Management
- Computer Networks and Communications
- Machine Learning and Intelligent Systems
- Computer Educational Technology
- Agricultural and Industrial Informatics
- Knowledge and Data Management
- Natural Language Processing
- Sustainable Computing

Paper Submission

Papers should not exceed 6 pages including results, figures, and references. All manuscripts must be written in English and prepared in the **standard IEEE Conference Proceedings format as a PDF**, manuscript templates are made available on the website. Only electronic submissions in the PDF format will be accepted via the **EDAS submission system**, all submissions will be subjected to a double blind review procedure. At least one of the authors must register to give an oral presentation on the paper at the conference upon acceptance.

All accepted papers will be published in an IEEE Computer Society proceeding (indexed by Scopus). Exceptional papers will be selected to be published under the cooperation of the following journals: **Science, Engineering and Health Studies (SEHS) and ECTI Transactions on Computer and Information Technology (ECTI-CIT)**, both are indexed by Scopus. In addition to this, one of the authors must give a presentation on their paper at the conference.
